ABOUT ME

I am a student pursuing a BCom degree with a strong passion for programming. As a self-taught full stack developer proficient in React and Node.js, I have gained practical experience working at Demandesk, a digital marketing agency, and have completed multiple successful freelance projects. I am eager to leverage my skills and contribute to innovative projects in a dynamic and collaborative environment.

EXPERIENCE

Full Stack Developer   **Sep 2022 - Present**

Demandesk (Digital Marketing Agency)

- Actively contributing to the development of various projects. Specialized in using Node & React, to create user-friendly admin panels

- Utilized MySQL for efficient data storage and retrieval, working on data procedures and optimizing table structures. Ensured data integrity and performance for client projects.

- Gained hands-on experience in deploying and managing servers, ensuring smooth and efficient hosting of web applications. Acquired knowledge of best practices for server optimization and security.

- Proficiently handled domain creation and DNS record management, ensuring seamless website hosting and accessibility. Collaborated with clients to set up custom domains and manage DNS configurations effectively.

- Explored performance testing and monitoring tools like JMeter and New Relic, enhancing the ability to assess and improve the performance of web applications. Utilized these tools to identify and address bottlenecks in the application stack.

-

PROJECTS

Maintenance Management

React, Node, MySQL, Server Devops

- A web app that helps maintain data for a society.
- It shows the data of maintenance received by each tenant and outstanding of the same.
- It can also generate receipts for the same in PDF format.
- It is a web app thus can be accessed anywhere.

SMM Panel

React, Node, Server Devops

- A panel for scheduling social media posts.
- It is a panel where you can manage your social media posts with your team.
- It allows upload and download of files from server, along with other details.
